

BUSIT Level 2 information

We are expecting more people to travel by bus in Level 2, and although we will do our best to get you where you need to go, please be aware that physical distancing requirements on buses will mean around only 40% of capacity on each bus is available.

If you have an alternative transport option available, please consider using it or travel in off-peak times.

Free travel on buses

Bus travel is free until further notice to avoid direct contact between drivers and passengers.

Registering your trip is compulsory

Contact tracing is more important than ever - it is mandatory to register your trip. You can do this via busit.co.nz or by ringing 0800 205 305.

Physical distancing required

All window seats are available.

All aisle seats are unavailable unless you know the person sitting in the window seat.

All passengers must be seated, no standing allowed.

Reducing face to face contact

Bus entry will be by the rear doors where possible, which excludes at the Hamilton Transport Centre and where passengers – such as wheelchair users – require the ramp for boarding.

Please do not travel if you are unwell.

Which bus services are running?

For up to date timetables and route information visit busit.co.nz or call 0800 205 305.

Hamilton services

The majority of services in Hamilton continue to run to their weekend timetable seven days a week. Additional trips have been added to some bus routes, such as the Orbiter to assist with school travel.

We are unable to run buses to the normal weekday timetable due to driver availability.

If you're reliant on the bus and your service is no longer available, contact us on 0800 205 305 or email busit@waikatoregion.govt.nz.

Regional services

All regional services connecting to Hamilton are running to their normal timetables.

BUSIT counter

The BUSIT counter inside the Hamilton Transport Centre will re-open on Monday 18 May.

As bus travel is free, we will not be handling cash or Eftpos.

Our opening hours are Monday-Friday 8am – 4.30pm.
